Monoclonal antibody to Human Apolipoprotein B

Antibody: LDL 20/17

The reagent consists of a combination of two different monoclonal antibodies

specific for human apoB.

Product code: 3715-3-250

Quantity: 250 µg

Immunogen:Human LDLIsotype:Mouse IgG2a

Specificity: Native human apoB in the form of LDL. Cross-reacts with LDL from rhesus and

cynomolgus macaques. Please visit www.mabtech.com for information on reactivity

with other monkey species.

Concentration: Supplied at 1 mg/ml in sterile filtered (0.2 μm) PBS with 0.02% sodium azide.

Purification: Purified from *in vitro* cultures by protein G affinity chromatography.

Storage: Store product at 4-8°C or frozen at -20°C or below. Avoid repeated freezing/

thawing. The expiry date indicates how long unopened products, stored according to

instructions, are recommended for use.

Applications: For quantification of apoB in serum/plasma samples and cell culture supernatants

using ELISA. LDL 20/17 is recommended as coating mAb in combination with detection mAb LDL 11 (product code 3715-6). The antibodies are also suitable for

immunoprecipitation and Western blot.

Protocols: Please contact Mabtech for ELISA protocols.

Note; for research use only.

Mabtech shall not be liable for the use or handling of the product or for consequential, special, indirect or incidental damages therefrom.

Developed and manufactured by MABTECH AB, Sweden, whose quality management system complies with the standards ISO 9001:2015 & ISO 13485:2016.
